

## Frameless Banner 600 x 1450

For best results keep logos and text between the Safe Artwork Area.

Please ensure all text has been converted to outlines.

Note: **DO NOT** change the size of the bleed area, this is set at 24mm to allow for the production of the banner. Please ensure your artwork bleeds fully (if required)

-  Finished Size
-  Safe Area Zone
-  Bleed Area
