

Star Outdoor is an Australian company committed to providing the highest quality portable branded products supported by exceptional customer service.

To achieve this objective, our Quality Assurance Policy is based on the principal of continuous product and process improvements.

Review of our Quality Management System ensures maintenance and effectiveness by measuring the performance of our suppliers, continual assessment and training our team members, audit of our internal processes, response to customer feedback, and compliance with applicable statutory and regulatory requirements.

This company-wide commitment enables us to ensure that we meet or exceed our quality objectives while providing innovative, dependable products our customers can trust.

Mark Star

Managing Director
