

MARQUEE SET UP GUIDE

1

Unpack
all boxes

2

Stand frame up
with feet on
the floor

3

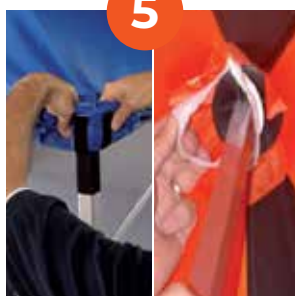

Using
2 PEOPLE ONLY
hold legs and semi
extend the frame

4

'Parachute' the
canopy over
the frame

5

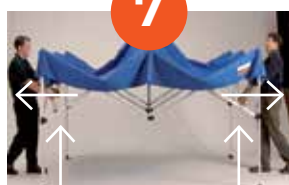

Attach velcro to
each corner of
frame and attach
elastic to peak pole
caps on the inside

6

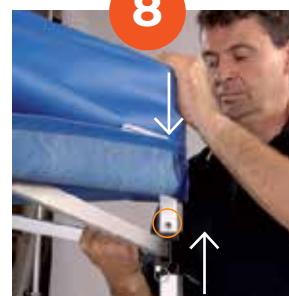

Place hands on
bottom centre of
truss and lift

7

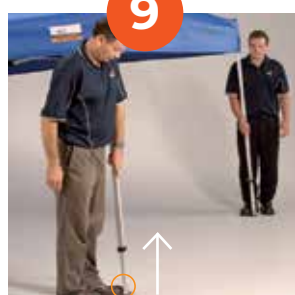

Walk back whilst
lifting until the
marquee is closed
to full extension

8

Place one hand on
top of the leg, push
strut up with other
hand until it locks
into the leg hole

9

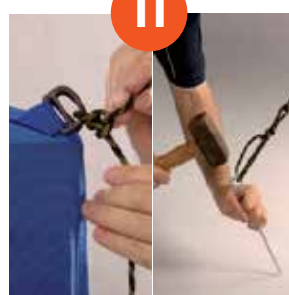

Place your foot on
the foot of the leg
and pull the leg up
until it locks into
place

10

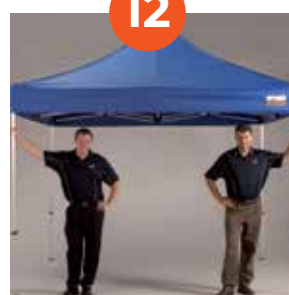

Secure the valance
to the frame by
fastening the clip
straps

11

Secure marquee
(from eyelets at
top corners) to the
ground using ropes,
pegs, weightbags

12

Congratulations!
Enjoy your marquee

MARQUEE PACK DOWN GUIDE

1

Unfasten all ropes & remove weight bags

2

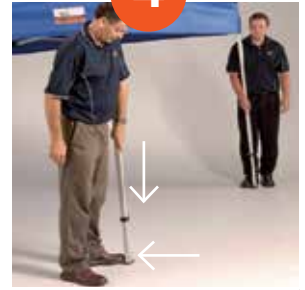

Undo all the clip straps inside the canopy

3

Pull the lower ring on each leg to undo the leg locking pin

4

Slide leg down to the footing. Repeat on all the legs

5

Pull the upper ring on each leg to release the locking pin

6

With **2 PEOPLE ONLY**, hold the top trusses and walk forward until the marquee fully closes

Caution!

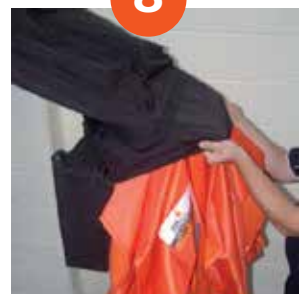

7

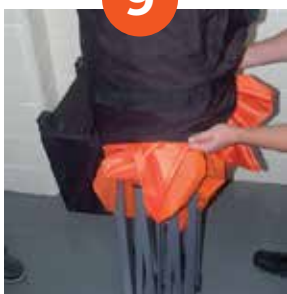

When completely collapsed hug the marquee to compress

8

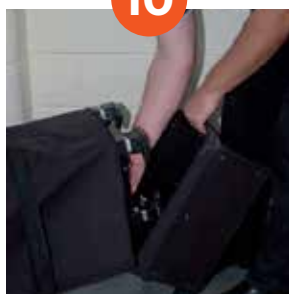

Place the bag over the marquee with the wheels at the back

9

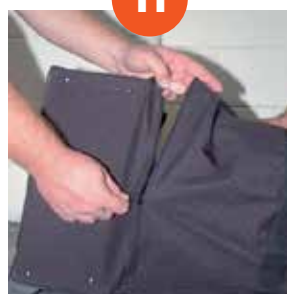

Gently pull the bag down until it reached the ground

10

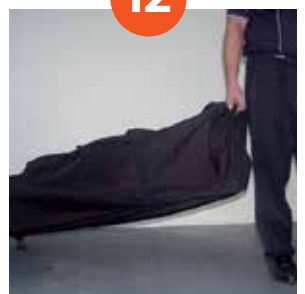

Lay the marquee down and place legs inside the hard base of the bag

11

Use the zips to close the bag completely

12

Holding the handle at the top of the bag, wheel the marquee away
